Stories about Women and Men

Iwona Loranc & Grzegorz Tomczak

A meeting of Iwona Loranc's and Grzegorz Tomczak's musical projects. The programme brings together songs from their joint albums - stories of emotions, encounters, affection and parting.

Iwona Loranc, with her velvety voice, refined sensitivity and powerful expression, sings of women's and men's worlds. She is joined by Grzegorz Tomczak, the author and co-performer of all the songs.

These are stories about you, Ladies - and also about you, Gentlemen. Wherever there are women, men appear too. It has always been so; it is a law of nature.
